

TCH Global

THE BUSINESS COMPANY PROFILE

We are your gateway for Asia exports. Started first with Instant Coffee export from Vietnam, we would be nothing without our dedicated farmers growing some of the best coffees in the world. By working closely with strong local partners we build trusted relationships with outstanding producers.

Instant Coffee * Instant Bubble Milk Tea
Black Tea * Jasmin Tea

About TCH GLOBAL

Vietnam's capacity for processed coffee has rapidly expanded in response to the rising demand on the global market in recent years.

The export turnover of processed coffee reached 71 million USD in May 2023, which is an increase of 30.5% compared to May 2022.

We work directly with micro-lot coffee farmers to source for premium Arabica and Robusta coffee beans. Each coffee cherry is carefully hand picked to ensure the best quality. Our partner farms also incorporate biodiversity and a green systems to reuse discarded coffee pulps as fertilisers in order to reduce wastes in their farms. As we strive to produce coffee sustainably, it is also important to us that our coffee farmers receive a fair price for their produce in order to sustain their way of living.

Every season, from farm to cup, our team of dedicated roasters and coffee artisans bring fresh flavours and aroma to excite our coffee drinkers around the globe.

Our company currently export 3 types of instant coffee products, 4 in 1 series.

1. Hazelnut Coffee
2. Coconut Milk Coffee Latte
3. Coffee for men

We also export Instant Fruit Tea, Milk Tea, Black Tea & Jasmine Tea.

CEO

Welcome Message

Our vision has been very clear from the start:

We focus on making our coffees better and better. No compromise – just great coffee. We would never blend our coffees in order to showcase specific flavour profiles and to present each farm we work with. This makes our farmers proud and the product fully traceable.

For the Tea Wholesale Supply, we make sure our merchandisers working closely with our partners' factory to produce and pack follow our guideline.

Let's start first with a small order, we build trust through our performance and product quality. Have a great day and keep smiling!

Vision & Mission
